

Community Food Growing Support Programme for Schools Autumn 2020

Autumn is a time of ripening squash and gathering the last of the Summer harvest but there are still seeds that can be sown both indoors and outdoors before Winter sets in/

The Community Food Growing Support Programme is delivered by TCV and funded by Leicester City Council Public Health. We work closely with the Eco Schools and Food for Life programmes to help schools on their food growing journey. In the era of Covid, outdoor education has never been more vital.

Help available to schools this Autumn includes:

- Covid Secure site visits
- Video call/ telephone advice
- Email pictures of your growing area and get feedback and advice
- Bespoke teacher training webinars
- Veg planners and Get Growing guides for inspiration

Our Senior Project Officer, Samantha Woods can also help you with the following:

- Get Growing Grants
- Tree Council grants
- Larger grant advice
- Free seeds (as available)
- Grow Your Own grub/ Meal in a Barrow 2021
- Pumpkin Competition 2021

Please email Sam on midlands@tcv.org.uk to book your sessions or arrange time for a phone call.

Lots of help and advice is also available on our Facebook Group Leicester Food Growing:
